May 2007

Dear Sponsor,

On behalf of the McClellan JPA, the City of Anniston, the Calhoun County Commission, the Alabama Symphony Orchestra and the Anniston Council on the Arts and Humanities, thank you for your generous donation to Music at McClellan.

The fourth season will include all the excitement we have come to expect with Broadway and patriotic symphonic music, and the annual thrill of the cannons accompanying the 1812 Overture. This year brings us a visit from Star Wars re-enactors to enhance the experience of the Star Wars concert on June 2nd.

Enclosed you will find your sponsor benefit accessories:

- Your sponsor's parking pass is to be placed on the driver's side of your dashboard. It will provide you access to your on-site parking where our volunteer attendants will guide you to the most convenient parking spaces.
- Your sponsor lanyards are to be worn at all times before and during the concerts. Be sure to have your "Anytime Tickets" with you for admission; your sponsor lanyard is not a ticket. It will provide you access to the sponsors' tent (located adjacent to the small pond in Longleaf Park).
- Due to City of Anniston regulations, no alcohol may be served in the sponsors' tent; of course you are welcome to bring your own choice of beverages. You will find ice, cups, sodas, and luscious homemade snacks in the sponsors' tent.
- Use your complimentary "Anytime Tickets" for yourself and your guests and distribute the remainder to your employees or friends. An "Anytime Ticket" may be used only once, but is good for any of the four performances.

A team of well-trained volunteers will be waiting to answer your questions and guide you to your favorite place in the park. Remember to bring whatever you want to make your experience comfortable (folding chairs, tables, picnics, etc) and review our new website (www.musicatmcclellan.org) for additional information.

Thanks again for your support of Music at McClellan.

Sincerely,

W. Peter Conroy
Chairman, Music at McClellan
Member, JPA Board of Directors
Director, JSU's EPIC and Field Schools
